EDUCATION

Master of Information Systems Management

Brigham Young University – Marriott School of Business

Apr 2027

Provo, UT

- GPA: 3.84 / 4.00
- Coursework: Systems Design & Project Management, Information Security, Data Analytics (SQL, Python, Tableau), Machine Learning, AI Automation, Cloud & DevOps (AWS, Azure), Full-Stack Development (React, Next.js, Node, C#/.NET)

EXPERIENCE

AI Intern & Teaching Assistant, AI Builder Program

Leland (joinleland.com)

Mar 2026 – Aug 2026

Lehi, UT

- Authored and rebuilt live-cohort sessions across a five-level AI program, including the Microsoft Copilot track that opened enrollment to enterprise buyers restricted from other AI vendors
- Led and TA'd live sessions, office hours, and build workshops for a program that generated ~\$390K in self-serve revenue across 852 buyers, 12.6% of whom purchased a second level
- Architected a \$2,000/month client automation retainer (B2B research to HubSpot CRM to LinkedIn outreach) that ran on 4 architect hours against 24 operator hours per month
- Wrote an 11-case test plan for that workflow, catching 5 production-blocking defects before launch
- Shipped 3 production n8n workflows and a multi-agent GTM system with a human approval gate on every outbound message, and mapped the team's 26-stage curriculum pipeline into a ranked automation roadmap

Software Engineering Intern

EY Technology Consulting – Digital Engineering Practice

Jun 2025 – Aug 2025

Seattle, WA

- Upgraded client software to the newest .NET version and migrated database tables to the revised models
- Resolved bugs and delivery tasks using Azure DevOps and Team Foundation Version Control

Founder & Developer, Student Technology Usher (Sandbox SB05)

BYU Sandbox Startup Program

Mar 2025 – Apr 2026

Provo, UT

- Built a graduation-planning platform (Vercel/Supabase) that cut student course planning from 3+ hrs to 3 min
- Served as Scrum Master, teaching and running Scrum for the team through the 2025 Sandbox Hackathon

Software Developer (Web)

Brigham Young University – Life Sciences Information Technology

Jan 2025 – Present

Provo, UT

- Maintain and extend web applications used for day-to-day department operations
- Ship new software for faculty stakeholders and review teammates' code for secure coding practices

LEADERSHIP & SERVICE

Autonomous Robotics Competition

Provo, UT

Team Lead

Aug 2022 – Dec 2024

- Ran logistics, skill development, and timeline for a prototype in 3 weeks and a full project in under 12 weeks

FIRST Robotics Competition Team 6288 (The Provotypes)

Provo, UT

Mentor

Aug 2021 – Dec 2023

- Mentored 10–15 students per season in technical and business skills; 100% applied to higher education

The Church of Jesus Christ of Latter-day Saints

Natal, Brazil

Volunteer Representative

Jan 2020 – Mar 2020

- Guided 20 missionaries between Natal and São Paulo amid COVID border closings

AWARDS, SKILLS & INTERESTS

- AI agent design, n8n workflow automation, machine learning, data engineering, PowerBI, Scrum Master I, robotics, CAD
